Redefine your landscape vision

About Greenwest Landscaping

We understand that hiring a landscape designer is a very important decision. Much like if you were commissioning a piece of artwork, you don't just choose any artist. You want to ensure that you appreciate the style of the artist you choose and that you are confident that they can deliver what you request.

Choosing Your Landscaper

The Greenwest Landscaping team has more than 30 years of experience in designing and creating outdoor luxury landscapes. As our valued client, we treat your outdoor dream as though it was our own. We believe in the perfect mix of collaboration, service, understanding and experience to create the ideal landscape for you.

All great things start with an initial idea, which we further develop, nurture and grow until it becomes something truly amazing. Outstanding design helps us to build your outdoor dream. You can simply sit back, relax and watch the transformation happen.

Greenwest Landscaping is fully committed to creating unique luxury landscapes for each and every client we work with. We make it so that every day at home feels like a holiday in your favourite escape.

Take your vision to something truly extraordinary.

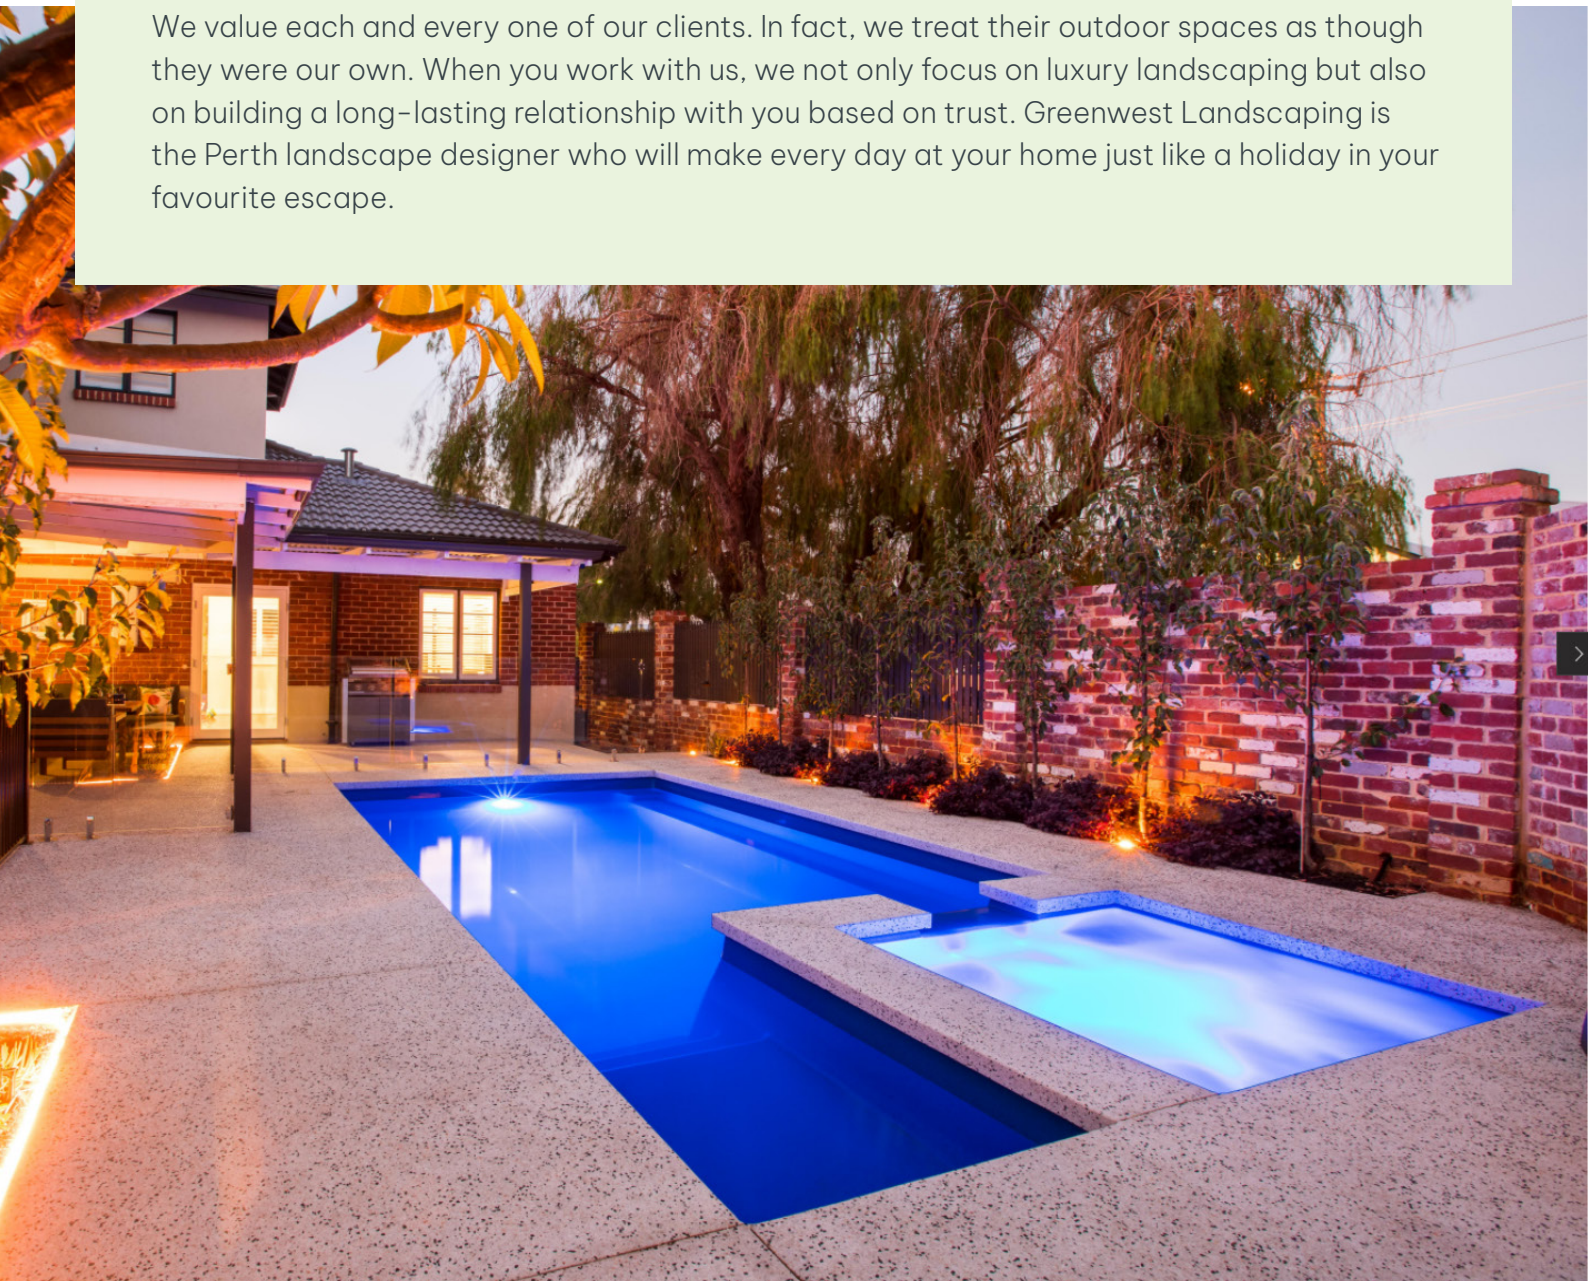

Your Landscape Experience

Greenwest Landscaping is the local luxury company specialising in bespoke landscape design Perth-wide. We actively listen to you. We are always on hand to help you to capture your dreams and to enable these to become your reality. Our experienced architectural landscape artists will create something truly extraordinary. We take your space beyond simply being practical and functional.

We know what works and where. We are not afraid to go above and beyond the conventional 'norms' of landscaping. With your input, we will create something that is stunningly unique and very you. We do our utmost to create a setting that's beyond anything you have imagined.

We firmly believe that landscape design should transcend simply creating functional and beautiful outdoor spaces. Truly extraordinary spaces are artistically crafted by passionate and masterful landscape designers. We work only with clients who share our vision and our passion for creating perfect outdoor luxury landscapes that are built to last.

We value each and every one of our clients. In fact, we treat their outdoor spaces as though they were our own. When you work with us, we not only focus on luxury landscaping but also on building a long-lasting relationship with you based on trust. Greenwest Landscaping is the Perth landscape designer who will make every day at your home just like a holiday in your favourite escape.

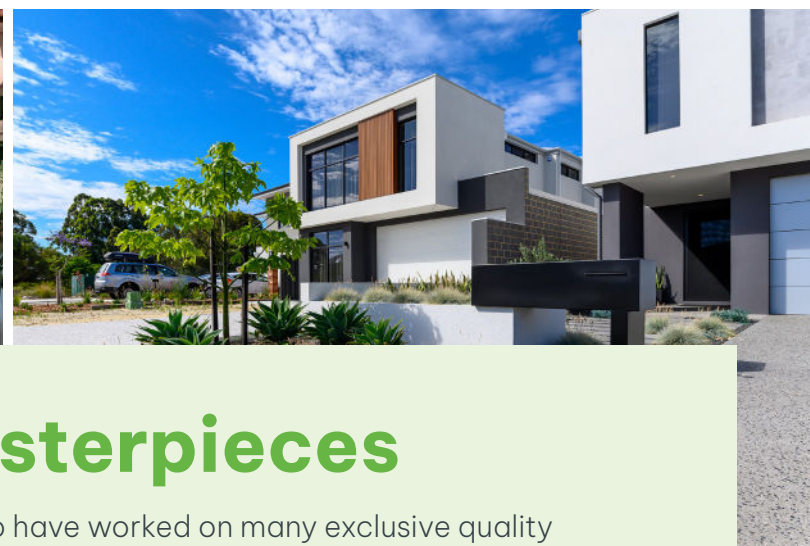

Custom-Made Landscapes

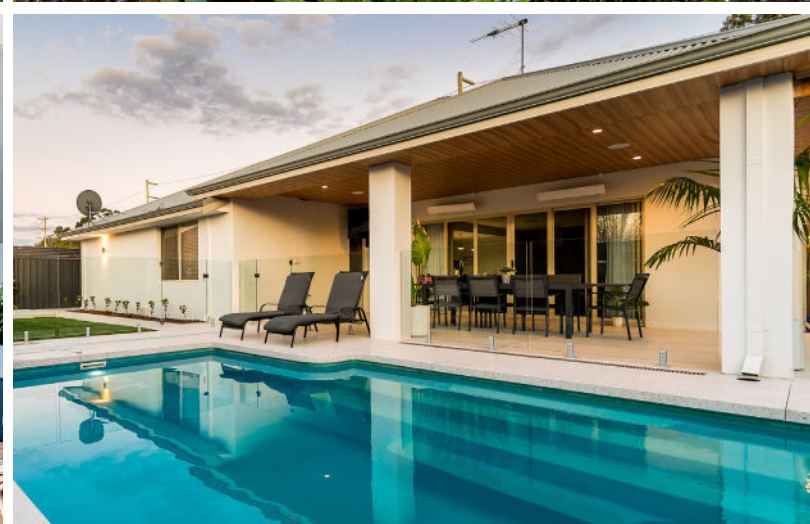

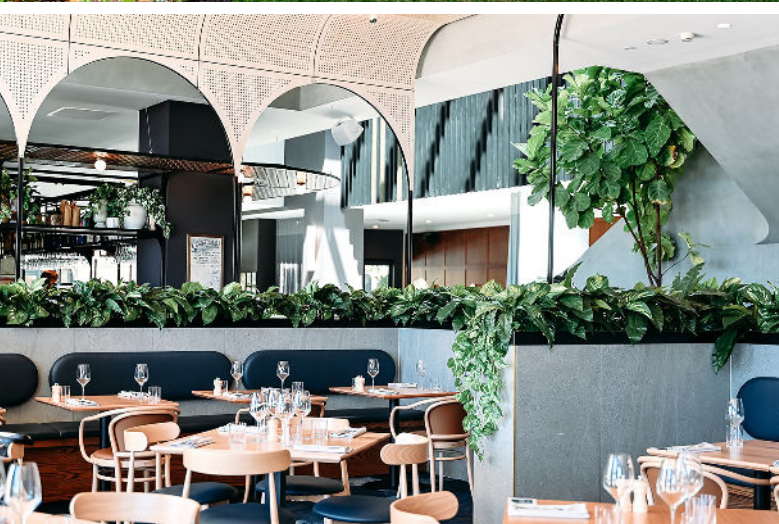

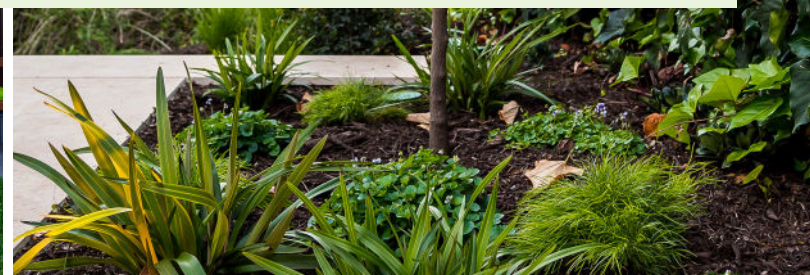

At Green West Landscaping, we provide fully customised outdoor spaces that are tailored to you. Your journey to the perfect garden starts with an in-depth consultation so that we can start outlining a plan that reflects your vision of the luxury landscape. We want to learn all about your ideas, expectations, family needs and everyday habits to be able to come up with a perfect design. Our approach is different because we design every single detail from scratch and according to your needs and desires. Our creations are much loved because they are fully personalised and exude luxury.

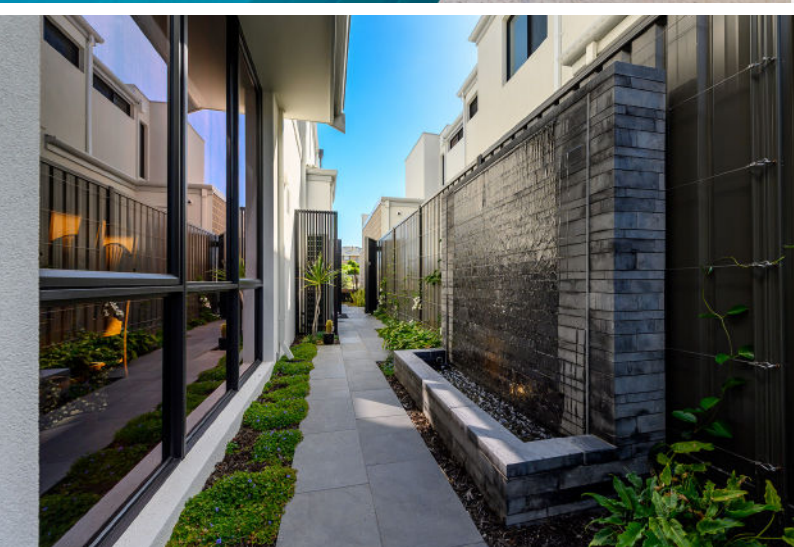

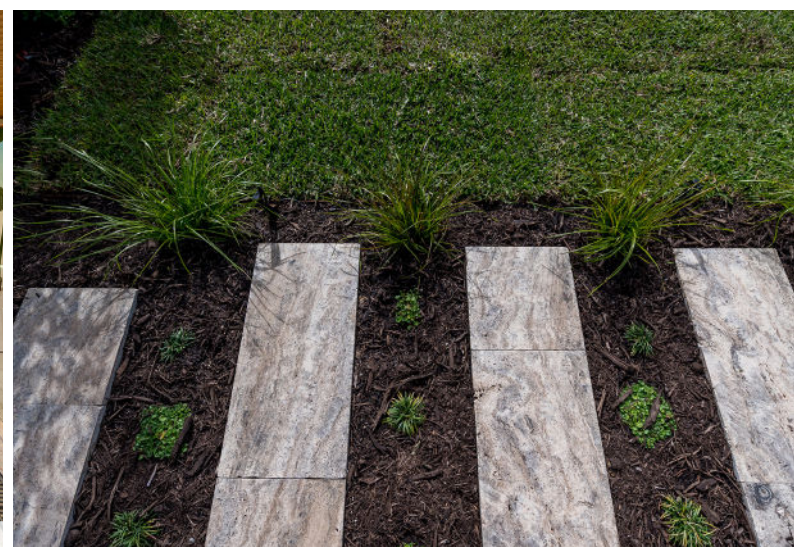

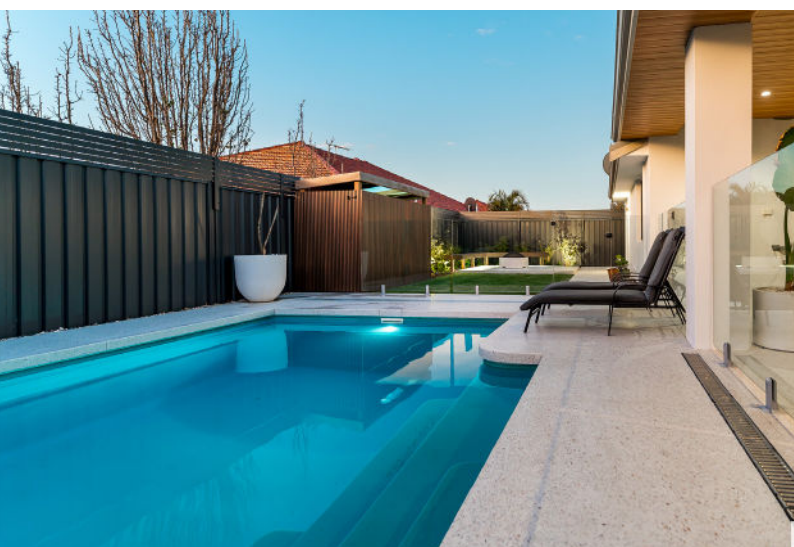

Our landscape designers are familiar with the latest trends in the industry, but they go beyond the ordinary. Each time we are commissioned to do a project, we try to put together a modern design that is unique and meticulously adapted to your needs and personal style. We make exteriors that perfectly complement the architecture and seamlessly connect interiors to the natural environment.

Discover Our Masterpieces

Our Greenwest Landscaping team is proud to have worked on many exclusive quality projects throughout the Perth area. Our dynamic, strong and innovative designs are what makes us stand out from our peers. Our portfolio is so much more than just a collection of images of our work. It actively tells the Greenwest Landscaping story. It illustrates our creative vision. We are known for our flawless and innovative designs. We create spaces that are a pleasure to spend time in and that are easy to maintain.

*Take your vision to something
truly extraordinary.*
